5 SEPTEMBER 2025

TIME: 11:00 HRS - 15:00 HRS

Workshop on DBS Programming (Demonstration & Hands-on Training)

MAIN TOPIC

- Introduction to Deep Brain Stimulation (DBS) Therapy
- Patient Selection & Pre-programming Consideration
- Basic Programming Principles
- Advance Programming Techniques
- Closed Loop DBS

VENUE

JW Marriott Hotel, Kolkata
4A, JBS Haldane Ave, Kolkata, West Bengal 700105

WORKSHOP DIRECTOR

Rupam Borgohain

Rupam Borgohain, a renowned neurologist from Hyderabad, is a leading expert in DBS for movement disorders. He pioneered DBS programs in India, advancing care for Parkinson's and dystonia, and actively trains specialists while contributing significantly to neuromodulation research and practice.

FACULTY

Rukmini Mridula

Rukmini Mridula, Senior Consultant Neurologist from Hyderabad, is a DBS expert. She has led many DBS procedures, pioneering affordable, safe DBS care, training specialists, and driving neuromodulation research.

Shivam Om Mittal

Shivam Om Mittal is a leading neurologist specializing in movement disorders and DBS. With extensive experience in DBS programming, he focuses on optimizing patient outcomes and advancing neuromodulation techniques for Parkinson's disease and related conditions.

Guruprasad Hosurkar

Guruprasad Hosurkar, a senior neurologist from Bangalore, specializes in movement disorders and DBS programming. He is acclaimed for his work in Parkinson's disease, stroke, epilepsy, and clinical research.

Tanmoy Maiti

Tanmoy Maiti, a distinguished neurosurgeon at Cleveland Clinic Abu Dhabi, specializes in functional neurosurgery with a particular focus on DBS. Backed by extensive experience and multiple advanced fellowships, he has contributed significantly to the field through numerous high-impact publications.

LOCAL FACULTY

Jacky Ganguly, Consultant Neurologist and Movement Disorders Specialist, Institute of Neurosciences Kolkata.

Rohit Keshav, Post-doctoral Clinical Fellow, Institute of Neurosciences Kolkata.

WHO CAN PARTICIPATE?

Neurologists, Neurosurgeons, Psychiatrists, DBS Technologists, Neurophysiologists, Biomedical Engineers, Basic Scientists and Allied Professionals.

Dinner at JW Marriott Hotel for all four workshop participants from 19:00 hrs onwards.
